

How HQIP intends to maximise transparency and use of audit data for regulation

Dr. Kieran Mullan
Clinical Audit for Improvement Clinical Lead

- Clinical Outcomes Publication (COP) programme
- National Clinical Audit Benchmarking (NCAB) programme

Intelligent Transparency

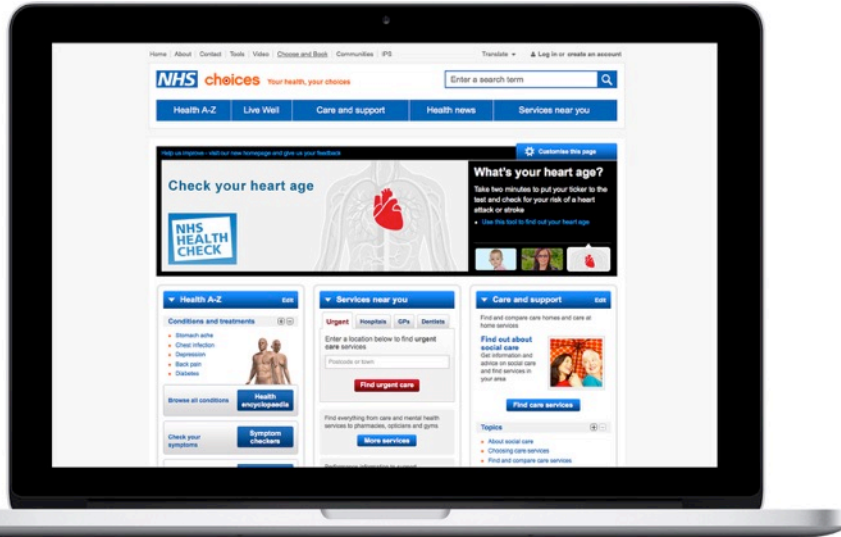

“Comprehensive transparency of performance data – including the results of treatment and what patients see how

© NHS 2014

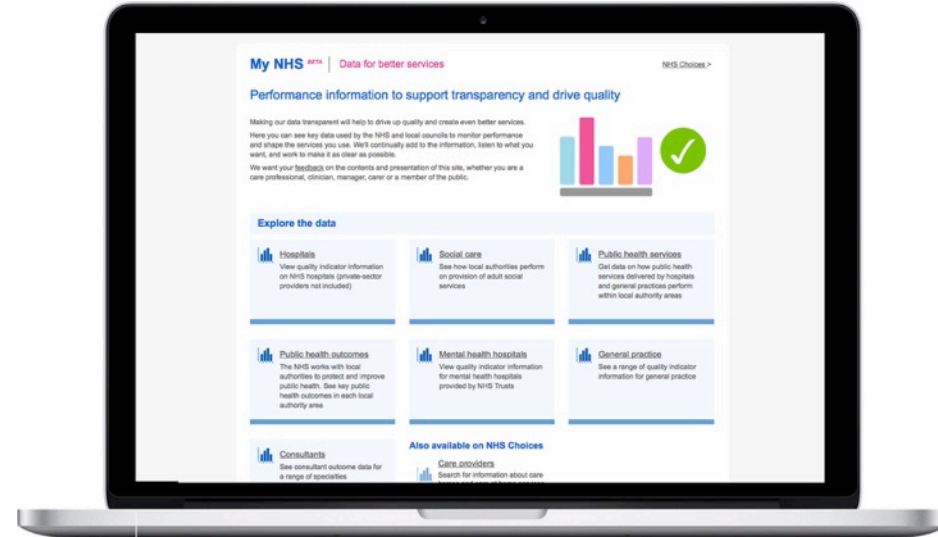

Consultant Outcomes Publication

NHS Choices (www.nhs.uk)

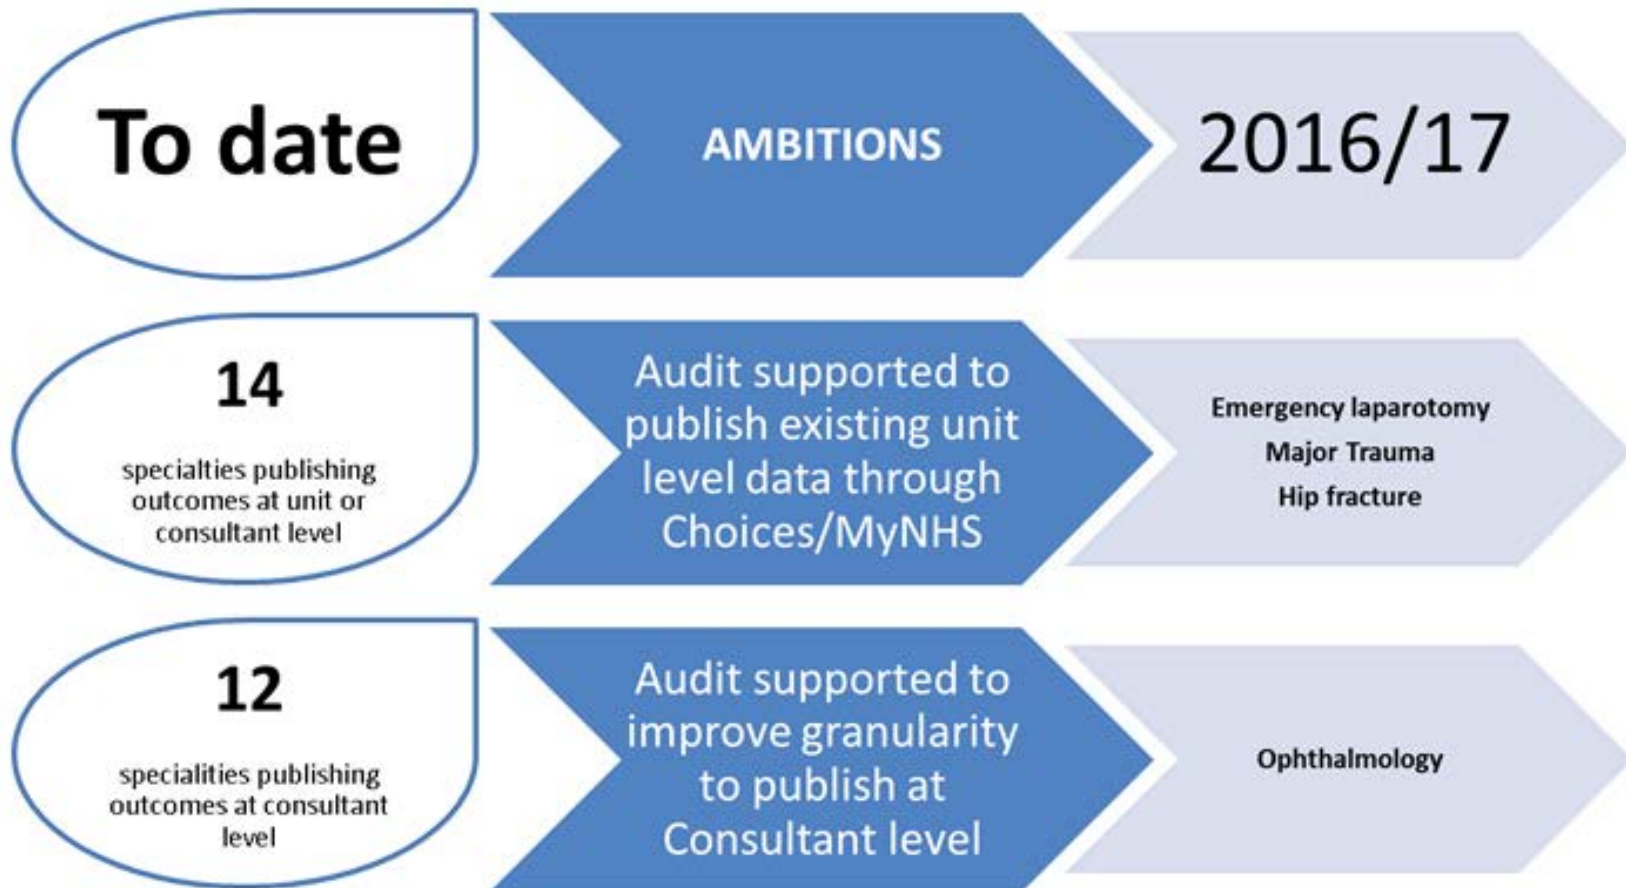

- Comprehensive general health and social care information and data about conditions, treatments and services
- Aimed at those with direct or indirect health or care needs in England
- Vision to transform NHS Choices

MyNHS (www.nhs.uk/mynhs)

- A single place where health and care organisations and the public can compare the performance of services
- Aimed at informed patients and service users, providers, commissioners
- Led by Department of Health and partners
- Improvements to design and functionality this year

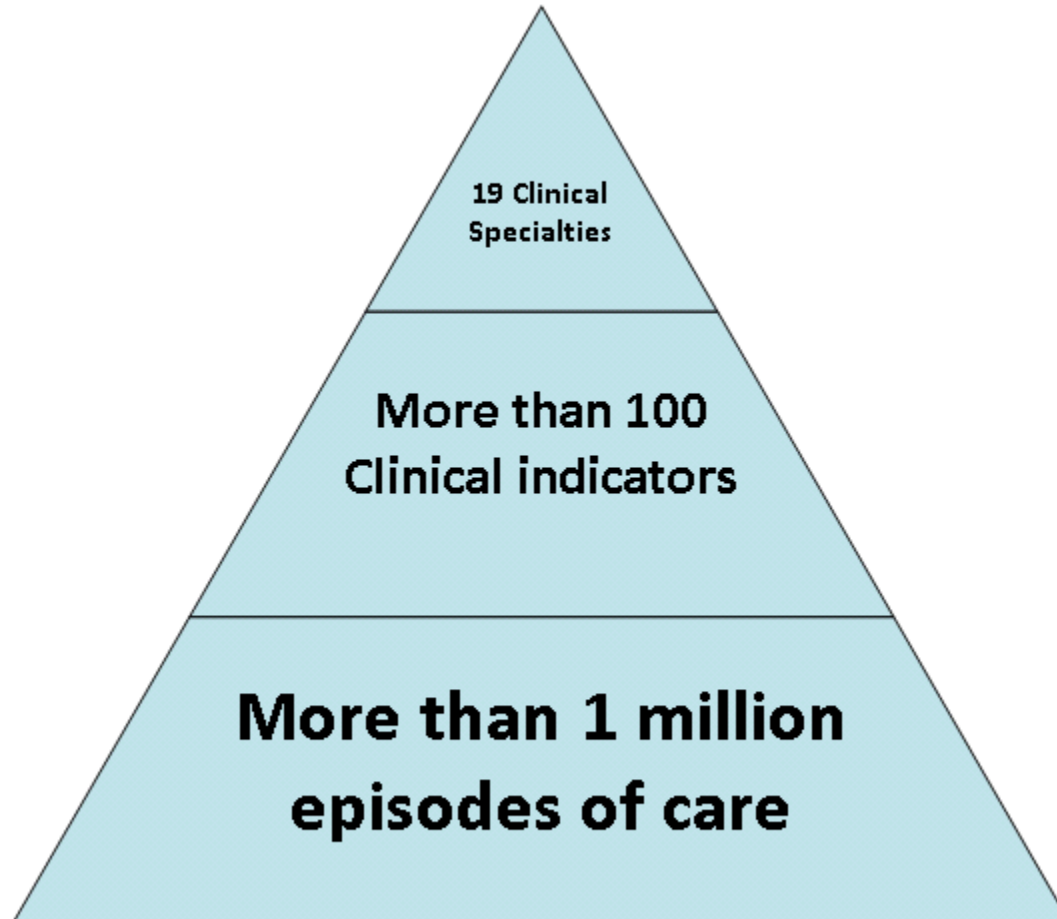

Timeline

Team level-Hip Fracture

Organisation Information 	Percentage of patients receiving surgery on the day of or day after admission 	Percentage of patients having orthogeriatric medical assessment 	Best practice composite measure 	Pressure ulcers 	30 day mortality 	Average unit length of stay 
<p>The Whittington Health</p> <p>Magdala Avenue, London, N19 5NF Tel: 020 7272 3070</p> <p><input type="checkbox"/> Add to shortlist</p>	<p>92.8%</p> <p>of patients had surgery on the day of or the day after admission</p>	<p>94.6%</p> <p>of patients had an orthogeriatric medical assessment</p>	<p>73.5%</p> <p>of patients' care meets best practice guidance</p>	<p>95.3%</p> <p>of patients have not developed a pressure ulcer</p>	<p>OK</p> <p>Within expected range</p>	<p>14.5</p> <p>days in an acute ward</p>
<p>Pilgrim Hospital</p> <p>Sibsey Road, Boston, Lincolnshire, PE21 9QS Tel: 01205 364801</p> <p><input type="checkbox"/> Add to shortlist</p>	<p>89.3%</p> <p>of patients had surgery on the day of or the day after admission</p>	<p>98.1%</p> <p>of patients had an orthogeriatric medical assessment</p>	<p>89.5%</p> <p>of patients' care meets best practice guidance</p>	<p>98.6%</p> <p>of patients have not developed a pressure ulcer</p>	<p>OK</p> <p>Within expected range</p>	<p>17.5</p> <p>days in an acute ward</p>

Scope of the Outcomes 16/17

Plans for 17/18

Plans for 17/18

- Project management from your NCAPOP team
- Agreeing timelines and managing the different deliverables
- Pressure on available slots is increased as the programme expands
- Revalidation and appraisal

Beyond 17/18

- Website changes
 - Varying MyNHS and NHS Choices display
- Outline of audits due to join completed internally
 - If you haven't been approached and think you are ready to go, let us know

A new HQIP acronym is born!

NCAB

National Clinical Audit Benchmarking

Aim

- To optimise the use of National Clinical Audit data for Quality Improvement by
 - Providing audit data* in an easily available format to Medical Directors, Clinical Directors and Clinical Governance Leads
 - Facilitating Benchmarking
 - Downloadable content
 - Aligning with the CQC to create a shared vision of quality

*Audits have provided up to 6 main outcomes which have been displayed in an accessible form.

Sacred Heart Hospital- Hip Fracture Audit

	Metric	CQC Key Question	2015 ¹ Report	2016 ² Report	National Aggregate (England and Wales)	National Aspirational Standard	Comparison to other hospitals
370 cases	Case ascertainment All eligible patients	Well Led	122.9%	92.9%	90.7%	none	44.6 89.7 94.4 106.3
370 cases	Crude proportion of patients having surgery on the day or day after admission	Effective	81.1%	83.5%	72.8%	85%*	33.3 68.5 79.5 92.8
370 cases	Crude perioperative medical assessment rate	Effective	95.8%	97.6%	86.2%	100%*	0.3 84.6 96.1 99.9
370 cases	Crude proportion of patients documented as not developing a pressure ulcer	Safe	98.6%	96%	94.2%	none	3.1 94.6 98.7 100
370 cases	Crude overall hospital length of stay	Responsive	24.9 days	26.1 days	20.7 days	none	10.2 16.4 23.7 38.8
370 cases	Risk-adjusted 30-day mortality rate	Effective	9.2%	7%	7.3%**	none	Within expected limits

Falls and Fragility Fracture Audit Programme

Key:

¹ Jan 14- Dec 14

² Jan 15- Dec 15

*Audit recommendation based on NICE guideline

**England only

Pilot

- Data sharing slides for 5 audits in the Manchester region.
- Data from National Hip Fracture, National Vascular Registry, the Oesophageal Cancer audit, Bowel Cancer audit and the Intensive Care Case Mix Programme were used.
- Eight Trusts took part
- The response was overwhelmingly positive, some Medical Directors commenting that it had been the first time some of them had seen this data.

Audits Involved (subject to change)

1st Tranche

- National Hip Fracture Database
- National Vascular Registry
- National Bowel Cancer Audit
- National Lung Cancer Audit
- Oesophago-gastric Cancer Audit
- Intensive Care National Audit and Research Centre
- National Care of the Dying Audit

2nd Tranche

- Sentinel Stroke National Audit Programme
- Adult Percutaneous Interventions (BCIS)
- National Emergency Laparotomy Audit
- National Audit of Inpatient Falls
- Mothers and Babies: Reducing Risk through Audit and Confidential Enquiry
- Heart Failure Audit
- National Neonatal Audit
- Trauma Audit and Research Centre
- Paediatric Intensive Care Network
- Myocardial Ischaemia National Audit Project
- National Paediatric Diabetes Audit

3rd Tranche

- Epilepsy12
- Ophthalmology
- National Audit of Rheumatoid and Early Inflammatory Arthritis
- National Audit of Inpatient Diabetes
- National Audit of Diabetes Footcare
- National Audit of Diabetes in Pregnancy
- Chronic Obstructive Pulmonary Disease
- National Audit of Dementia
- Cardiac Rhythm Management
- Congenital Heart Disease
- Adult Cardiac Surgery
- Inflammatory Bowel Disease (adult)
- Inflammatory Bowel Disease (paediatrics)
- National Joint Registry

**England only

Launch plan

- **Test site shared with the SG-DONE**
- **Test site shared with Trust Medical Directors and CEOs and Bruce Keogh-DONE**

- “These are great and will be really useful.”
- “I am pleased to discover that I am already very familiar with all of the reports logged for our trust, but it is helpful to see them collected in one place, where I can check that none have slipped through the net. “
- “It is an excellent idea that I can get access to them in one easy site. “

Launch plan

- **Test site shared with the SG-DONE**
- **Test site shared with Trust Medical Directors and CEOs and Bruce Keogh-DONE**
- **Review feedback-May/June**
- **Launch of beta site-Currently planned for July**

Collaboration with You

CQC will continue to lead on slide production

HQIP will facilitate this through contract review meetings and also provide ad hoc support

COP and NCAB

NCAB-targeted activity to specific audiences

Metrics - will continue to align them wherever possible

Project management – unified approach to support you as providers

Data supply – we are aware of the burden!

Questions?
