## Nomination form

### Reveal your #AuditHero

Tracy Ruthven, Clinical Audit Support Centre

### Why are they an audit hero?

Tracy has supported audit for many years, and across many different areas. She has spread the love of clinical audit as far afield as Africa, with her work in Ethiopia in 2011. She is also a staunch supporter of Rainbows Children's hospice, supporting audit in the hospice field. Tracy has worked to develop relationships in all areas of clinical audit – she (along with Stephen Ashmore) offers enthusiasm to train in clinical audit. Many a dry session has been brightened with 'clinical audit millionaire' and other such game Tracy gives her time as a magistrate too, making her a hero outside of audit as well as within.

### Name and email address of nominator(s)

Jen Knight, Berkshire Healthcare NHS Foundation Trust
