

Key Findings

Key findings of this audit should be considered in context of the COVID-19 pandemic over the last two years. Teams are commended for maintaining Early Intervention in Psychosis (EIP) service delivery in the context of the pandemic.

85%

of people with first episode psychosis (FEP) who had not responded adequately to treatment with at least 2 antipsychotic drugs were offered clozapine

36%

of people with FEP who were **not** in work/education took up a supported employment and education programme

51%

of people with FEP received all 7 physical health screens

27%

INCREASE FROM PREVIOUS AUDIT

30%

of people with FEP received all relevant interventions for their physical health

17%

INCREASE FROM PREVIOUS AUDIT

Children and Young People (CYP) improvements in:

- ✓ All teams have CYP EIP provision (44% increase)
- ✓ 66% of teams have a shared protocol between the EIP team and CYP mental health service
- ✓ Improvements in medication management and prescribing arrangements for CYP

Recording of outcome measures **increased by 8%** to 15%
