Reveal your #AuditHero and tell us what they do

Michelle Garrett – Clinical Audit Manager, Bridgewater Community Healthcare NHS Trust

Why are they an audit hero?

Michelle has chaired and co-ordinated our North West Audit Managers Network now for several years. She is very passionate about Clinical Audit and always manages to make the network meetings interesting remaining upbeat when others around her are perhaps not feeling the same. She encourages participation both in the meetings and on an ad hoc basis via email groups. She has represented the group at NQICAN meetings and for the last few years has helped to arrange the annual audit network conferences. She is an inspirational lead and a really genuine person who takes her responsibilities in her stride.
